It comes as pictured. If you want it to stay on make sure to put a towel over it and hold the iron on top of it for a couple minutes. I also use gorilla glue for additional hold

Super cute
 but, just ordered a camera bag and it was way bigger than I thought, so I'm just waiting for the right bag to put it in!

So the patch is amazing. Very cute. But upon peeling it off of the packaging some of the iron on glue stuck to the sticky glue, it's directly in the center so it shouldn't make a difference in how it will stay / hope.

I absolutely love this patch! Colors are bright and wording is easy to read, which is some times hard to do when you buy a patch. I don't have a problem at all getting it to stick, and instructions were clear!
