

Tattoo approximate specs: 2.5cm X 2.5cm (at most, maybe smaller) on the center of my upper left wrist:

Outline: I want it to have a dark navy blue outline, with rainbow shading (see example):

Symbol Shape: The shape of the PI (math symbol, ~3.14159...) symbol is as follows without any of the border contained:

Internal text: And, additionally being a software person, I would like some binary code on the internal of the symbol over top of the rainbow shading background (see image, for example):
