Where can I find this page on the web? I'd like to put shortcuts to it in all of my browsers. Also once 16.1 comes out how long until it's added to the post? I downloaded 15.7 for my iPad 9th gen WiFi just the other night. I downloaded it should something go wrong with the 15.7 system update to 16.1 tomorrow. Is there a post on how to use these files should something go wrong with a system update? I'm assuming I can use these files to return to a previous operating system. So I could use it to reverse update from 16.1 to 15.7.

Such a waste why even list every firmware it's not like you can downgrade or go below the one currently installed. 😂😂😂😂
