Hey Jason,

Trump was indicted in NY state this afternoon. Florida governor, Ron de Santis, is reportedly balking on extradition of him from Florida. A few days ago, I communicated to some USA federal employees that I knew his location as being beneath one of the bunker holes on his golf course at Marilago - dark web news feed items suggest so. There are NYC mafia wives and associates threatening me openly at the REAP Lodges women and children's shelter where I am staying in Pensacola:

1310 North S Street
Pensacola, FL 32505

Stupid,imperceptive people think they can game hackers. Did we invent the game? Here are some email addresses to get the LNV team started:

Planning to call the FBI field offices tomorrow to follow up. If they do something to me, there are some important items that need to get handled:

- * Attachments on emails sent from maxieds@gmail.com recently (starred)
- * Google Drive data for maxieds account (shared partial link: <https://drive.google.com/drive/folders/1f7i303j8f0EanEI7Q696ZKpa5EyMWsEb>);
- * My Github profile, including: <https://github.com/maxieds/InMemoryOfCrazyPrePandemicFlorida>
- * LinkedIn account recovery
- * GATech Email and bursar office financial records: mschmidt34@gatech.edu
- * darkweb connections on ipad and NOKIA flip phone
- * NOKIA phone@720-846-2222 files and binaries show useful stuff, like how Trump rigged the 2016 election by gerrymandering continents
- * <https://www.youtube.com/channel/UCqSYEc4R7Vp4h233TQECElw?app=desktop>
- * Dad's email datadoc2@live.com and Facebook accounts (Steve and McDonald from La Habra high school in ABQ?)
- * Jadah Rauchwerk and Cheryl Rauchwerk have Zoom video the day my dad was murdered at my mom's eulogy on Friday, 5/13/2022
- * Claim Kush and my parent's house and assets - they have a nonmodifiable will stashed somewhere, and millions of funds to access somewhere, find them - Bianca Zozaya is not my biological sister, who died in a car crash in high school, DNA tests will confirm, the letter from my mom is also a nice starting point (attached), brandyeallyse@gmail.com
- * <https://postimg.cc/gallery/BXyjp93>
- * Medical records from Dr. Cris Jagar (Pensacola, Anchor Clinic), Dr. Fred G Hicks (Saint Louis, Allied Behavioral

Heath), Georgia Tech, Highlands Behavioral Health (affiliate of Kaiser Permanente, Sacramento, CA; ubsinc.com)
* Get the court case transcripts (written and especially video) from December, 2020 in Denver, COL

Saw Jim Jordan on the #52 bus route weeks ago - from Ohio. Mitch McConnell is my telemed physician so I can get Adderall XR with all this bullshit around me in Florida. Liz Cheney was south of the border (attached handwriting analysis).

I saw our son last in Albuquerque with Elsa, Elsa, Elsa (bowahaha...)'s daughter at a Walgreens in the Fall of 2022 (September, or October). His smartass response: Take me with you. He looks exactly like you as a teenage man. Is he supposed to RULE in Hell (you get what I mean)? Or does someone need to go back down there and fetch him up to ground? The darkweb coordinates of nearby locations are 'I-25 & C470E' near Denver, CO (Yellowstone National Park). Uncle Kevin can do it, perhaps? I want to talk to you... Will be at the bus station regularly, maybe not the same route. Try to find me... We have a house and lots of money...

If they murder me, you and/or our son or/otherwise whomever their family has that is able to do the same thing has my express written consent to transfer and access all relevant accounts (virtual, in reallife). I want to be buried without cremation. This is not a suicide note. These fucking mafia bitches are threatening my life right now. It's a fucked up reality of this very bad situation.

Guys,

More points:

- * Nancy Pelosi's husband, Paul, was murdered while I was put up to texting with Luz Cheney, under the guise of SNL mental health pro Kaisha Keith, in a La Quinta Inn in ABQ. Phone screenshots of the multimedia text message session (archived else where?) in my shared maxieds Drive folder. This was the day Elin Musk (tried to run me over with his Benz to test the Nazi Killer email sent to Reznick) bought Twitter to restore Trump's access and cover up it's darkweb origins to organize the 1/6-*/2021 capitol riots - Around 3.2M private feed followers, a figure which matches the number of active duty USA military available for deployment to DC the day it started.
- * SNL manager Curtis Johnson's text messages including documentation about my being owed 70% of 136K yearly salary as disability pay. This is not the USA, so that is all without income tax? I went labeled a missing person in NM. Indeed, they modified claims about benefits very conveniently when I livedthrough Yelliwstone.
- * Attached is the response in Florida from SNL. After the Capitol One oein financing of the Subaru Tesla car, my credit score is now a 436. From where? Destroy everything in a person's life top to bottom and vice versa.
- * Miami based 305 cigarettes sold at el Chapo market nearby are bioterror. Remaining smokes in my backpack.
- * Urine samples of two days when I was drugged after food poisoning here at REAP are in my belongings. Do a thorough toxicology analysis. Include Anarchist Cookbook recipe compounds. The Heavenly Blessings shelter nearby has crates marked by Turner Dairies (milk). They tried to lead me out to a Nazi facility today, drugged, disoriented, out if it and on a very harsh laxative today over nothing.

- * Preliminary copies of the fraud bureau docs were sent via mdschmi@Sandia.gov on my MacBook to Margaret Fleck, Cinda Heeten, and Josephine Yu. There should be a finalized copy around somewhere.
- * Zack Bradford, Andre Torres Mike Hassenmueller, Isaac Rounds stalked me throughout the ABQ++ trips, as did McDonald and Erica Johnson
- * Try to recover the two Droid phones and the MacBook stolen from my belongings at Highlands. Sean Penn was there, with fingerprints on the Nestle Rich Chocolate packet, if he needs to be strong armed.
- * Steve from La Habra discharged me from EF hospital care to Executive Inn (sex slavery) with instructions to this ArEAP wonens shelter. This is very large reaching conspiracy. Debbie Fox.

* Lenny Pitt? Has a picture of him as safari officer in Casper WY to kick me out if my paid hotel accommodation after a call from Debbie Fix there. It's on the Pelican Marine phone.

* Sam (Pablo Escobar) Kamin as my IT buddy at SNL: Antonio Tony Romero; Jon Tedesco at interview. Zilles + Lynetta looked familiar at Kirtland.

* EHS teachers + Tyler Wasson tried to murder me in ABQ La Quinta: Indiana Schweickhard, TWs mither, Lynn Martin, Brad Wallach (email titled: Hostile)

* Klara Grodzinsky, AnnaK, GT former cs173 TA David, 2600 Levi, Jean friend of parents, RonHildebrand (Annie from eighth grade), (LaTisha) Tish Adams, Jack Olundes brother Evan (Noyes) + parents Carlene and Trent, Dr. Wick real name in Mays* Highlands intake paperwork, others at federal blvd ER to Highlands. Wallach, McDonald, solar and kids at Jenny's Market. Paula Deen (Walmart pharmacy in Casper). Deen daughter in law + FBI killer Judd daughter in Rawlins Holiday Inn hotel. ER staff seen in Pensacola with 'Nerry XMas you filthy animal' tied me down in Lutheran ER to give a lethal injection.

* Justin Kopinsky as EMS operator in Mexican military uniform that took me into 'Lovelace Womens' (local orthopedic only hospital) from La Qunita in ABQ for a sure death undergoing untreated renal failure through a secret hospital entrance. His mother was in the office at La Ventana apartments weeks before (see GMail references to Cinda Heeren and Bruce Reznick about real uses of his Neural Magic startup): What? You got pictures of that as evidence? Some soccer star named Barros + wife and daughter and Ronaldino (nicer guy) were there to witness my ICU intake after the shift change. Barros was wearing my levis jeans pants from my apartment.

* Christine Heitch in ABQ, Casper WyoRescueMission, Denver Best Western. Cinda Heeren gasped at my condition suffering carbon monoxide inhalation (insincere). Former UIUC CS lecturer (Jason?) at the mission dressed in drag as a red haired woman to tell me to get the fuck out if the chappell before they murder you. Christina Gianirsi and Lacey's daughter.

* 503/Jalesco and Church if Satan (MCD involvement confirmation) at Casper safari hospital

I will be out along the bus routes today. Have to get out to make phone calls safely. Planning to stay near the route I met Jim Jordan / Ohio along briefly several weeks ago. Coming in from, back through the one you will recognize. This is really important. Today, Friday 03/31/2023. Make a point to be there.
