Hi Maxie,

Thank you for contacting the RCR Program. The RCR Program Office is involved in RCR training and education but does not handle conflict resolution. Would it be okay if I forwarded your email to Dr. Kyla Ross, the Assistant Vice Provost for Advocacy and Conflict Resolution? She should be able to help you.

Judy

Sure. I don't want to have overreacted too much, but at the same time I had a very, very bad visceral reaction to what came back at me from higher ups about a very minor innocent point. One of them would not have even taken the time to address me in person over email, just direct a very unappreciated tone at me for what (in the best case I can see) she must have perceived as my misunderstanding of an unstated protocol about the university?

Here are some relevant email conversations and attachments initiated today. There are more, please just request for me to save them off my email.

Maxie

Hi Maxie,

I'm sorry that you had a bad experience. I will forward this information and your attachments to Dr. Ross and I imagine that she will be in touch with you directly. You can then send any additional information to her if she requests it.

I will contact her on your behalf, but just in case you need it, her email address is kyla.ross@gatech.edu. (You do not need to go through the RCR Program Office in the future.)

I hope that this issue is resolved soon and I wish you well.

Regards,

Judy

You are welcome! I have forwarded your original email (the one sent to the Contact Us form) and the two attachments to Dr. Ross. She also has your gmail address.
