☆☆☆☆☆ Extremely thin cardboard misleading to suggest ok for outside in UK

I was led to this item from looking at garden ornaments and thought from the pictures this is a quirky thing for my mom's garden. Foolishly I didn't check the reviews. I don't know why so many are pleased?... Claims to be quality materials but it's really thin cardboard. Won't stand and wind certainly not rain. Definitely not value for money but I guess it's my own fault for not checking the 1 star reviews that may be fewer but are more accurate. Maybe someone wanting an Alice themed bedroom, or a school library might find it useful.

★★★★☆ Good fun cardboard Alice/Mad hatter arrow party signs  
Reviewed in the United Kingdom on February 20, 2019

The arrow signs are cardboard and a Matt finish and are not double sided. They are Alice in Wonderland themed from I think the original cartoon movie I.e. Alice in a blue dress with white full apron and no Johnny Depp. They are of good quality and were used to decorate a hallway for a party. My guests loved them and they brought a smile to people's faces. I would recommend these as decorations for indoor use (outdoor would be ok if it was a dry day and no chance of rain).

I attached these to a post in the garden overnight ready for the morning arrivals. No rain but all curled up and couldn't be seen. I laminated them all so they can be used.
